*The 2002 Annual Report to Stockholders, including financial statements, is being mailed to stockholders together with these proxy materials on or about March 31, 2003.*

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors of Stratus Properties Inc. for use at our Annual Meeting of Stockholders to be held on May 15, 2003, and at any adjournments (the meeting).

**Who Can Vote**

Each share of our common stock that you held on the record date entitles you to one vote at the meeting. On the record date, there were 7,123,278 shares of our common stock outstanding.

**Voting Rights**

Inspectors of election will count votes cast at the meeting. Directors are elected by plurality vote. All other matters are decided by majority vote present at the meeting, except as otherwise provided by statute, our certificate of incorporation or our by-laws.

Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. When brokers do not receive voting instructions from their customers, they notify the company on the proxy form that they lack voting authority. The votes that could have been cast on the matter in question by brokers who did not receive voting instructions are called "broker non-votes."

Abstentions and broker non-votes will have no effect on the election of directors. Abstentions as to all other matters to come before the meeting will be counted as votes against those matters. Broker non-votes as to all other matters will not be counted as votes for or against and will not be included in calculating the number of votes necessary for approval of those matters.

**Quorum**

A quorum at the meeting is a majority of our common stock entitled to vote, present in person or represented by proxy. The persons whom we appoint to act as inspectors of election will determine whether a quorum exists. Shares of our common stock represented by properly executed and returned proxies will be treated as present. Shares of our common stock present at the meeting that abstain from voting or that are the subject of broker non-votes will be counted as present for purposes of determining a quorum.

**How Your Proxy Will Be Voted**

Our board of directors is soliciting a proxy in the enclosed form to provide you with an opportunity to vote on all matters scheduled to come before the meeting, whether or not you attend in person.

*Granting Your Proxy.* If you properly execute and return a proxy in the enclosed form, your stock will be voted as you specify. If you make no specifications, your proxy will be voted:

- in favor of the proposed director nominees, and
- for the ratification of the appointment of our independent auditors.

We expect no matters to be presented for action at the meeting other than the items described in this proxy statement. The enclosed proxy will, however, confer discretionary authority with respect to any other matter that may properly come before the meeting. The persons named as proxies in the enclosed proxy intend to vote in accordance with their judgment on any other matters that may properly come before the meeting.

---

*Revoking Your Proxy.* If you submit a proxy, you may subsequently revoke it or submit a revised proxy at any time before it is voted. You may also attend the meeting in person and vote by ballot, which would cancel any proxy that you previously submitted. If you attend the meeting and hold your stock in street name, then you must have a proxy from your broker in order to vote at the meeting.

**Proxy Solicitation**

We will pay all expenses of soliciting proxies for the meeting. In addition to solicitations by mail, arrangements have been made for brokers and nominees to send proxy materials to their principals, and we will reimburse them for their reasonable expenses. We have retained Georgeson Shareholder Communications Inc., 17 State Street, New York, New York, to assist us in the solicitation of proxies from brokers and nominees. It is estimated that the fees for Georgeson’s services will be \$6,500 plus reasonable out-of-pocket expenses. We may also have our employees or other representatives, who will receive no compensation for their services, solicit proxies by telephone, telecopy, personal interview or other means.

**Stockholder Proposals**

If you want us to consider including a proposal in next year’s proxy statement, you must deliver it in writing to our Corporate Secretary, Stratus Properties Inc., 98 San Jacinto Boulevard, Suite 220, Austin, Texas 78701 by December 2, 2003.

If you want to present a proposal at the next annual meeting but do not wish to have it included in our proxy statement, you must submit it in writing to our Corporate Secretary, at the above address, by January 17, 2004, in accordance with the specific procedural requirements in our by-laws. If you would like a copy of these procedures, please contact our Corporate Secretary. Failure to comply with our by-law procedures and deadlines may preclude the presentation of your proposal at the next meeting.

### Option Grants in 2002

Name	Number of Securities Underlying Options Granted(1)	Percent of Options Granted to Employees in 2002	Exercise or Base Price	Expiration Date	Grant Date Present Value
William H. Armstrong III	45,455	29.92%	\$ 8.45	January 17, 2012	\$259,548(2)

	15,000	9.87%	9.25	December 17, 2012	92,550(3)

- (1) Unless otherwise noted, the stock options will become exercisable over a four-year period. The stock options will become immediately exercisable in their entirety if, under certain circumstances, (a) any person or group of persons acquires beneficial ownership of shares in excess of certain thresholds, or (b) the composition of the board of directors is changed after a tender offer, exchange offer, merger, consolidation, sale of assets or contested election or any combination of these transactions. In addition, each stock option has an equal number of tandem "limited rights," which may be exercisable only for a limited period in the event of a tender offer, exchange offer, a series of purchases or other acquisitions or any combination thereof resulting in a person or group of persons becoming a beneficial owner of shares representing 40% or more of the company's total voting power. Each limited right entitles the holder to receive cash equal to the amount by which the highest price paid in such transaction exceeds the exercise price.
- (2) The Black-Scholes option model was used to determine the grant date present value of the options that we granted to the listed officers. The grant date present value was calculated to be \$5.93 per option. The following facts and assumptions were used in making the calculations: (a) an exercise price for each option of \$8.45; (b) a fair market value of \$8.45 for one share of our common stock on the grant date; (c) a term of ten years for the stock options; (d) a stock volatility of 54.0% based on analysis of historical weekly closing prices of our common stock over the 353-week period commencing March 3, 1995; and (e) an assumed risk-free interest rate of 5.25%, this rate being equivalent to the yield on the grant date on a zero coupon U.S. Treasury note with a maturity date comparable to the expiration date of the options. No other discounts or restrictions related to vesting or the likelihood of vesting the options were applied.
- (3) The Black-Scholes option model was used to determine the grant date present value of the options that we granted to the listed officers. The grant date present value was calculated to be \$6.17 per option. The following facts and assumptions were used in making this calculation: (a) an exercise price for each option of \$9.25; (b) a fair market value of \$9.25 for one share of our common stock on the grant date; (c) a term of ten years for the stock options; (d) a stock volatility of 51.6% based on an analysis of historical weekly closing prices of our common stock over the 401-week period that our common stock has been publicly traded; and (e) an assumed risk-free interest rate of 4.2%, this rate being equivalent to the yield on the grant date on a zero coupon U.S. Treasury note with a maturity date comparable to the expiration date of the options. No other discounts or restrictions related to vesting or the likelihood of vesting of the options were applied.

This table sets forth all outstanding stock options held by each of the named officers as of December 31, 2002. None of the named officers exercised stock options in 2002.

**Corporate Personnel Committee Report on Executive Compensation**

The corporate personnel committee is composed of two independent directors who are responsible for the company's executive compensation programs. Our committee's executive compensation philosophy is to:

- emphasize performance-based compensation that balances rewards for short- and long-term results
- tie compensation to the interests of the company's stockholders, and
- provide a level of total compensation that will enable the company to attract and retain talented executive officers.

*Compensation Consultant*

In 2001, we commissioned FPL Associates Consulting (FPL) to perform a comprehensive review of our executive compensation practices. FPL's study compared the base salaries and other elements of compensation of our senior management team against those of a peer group of public community and land developer companies with business operations most comparable to ours, and, to a lesser extent, a peer group of public equity real estate investment trusts with similar total capitalization to our company. FPL issued reports detailing its recommendations for base salary levels, and for annual and long-term incentive programs, including performance measures. Based on our consideration of the FPL reports and discussions with FPL regarding the appropriate level of compensation for our management team, we determined that the base salaries, as well as annual and long-term incentive awards, paid to the company's management team should approximate the median of the community and land developer peer group. Accordingly, we concluded that the base salaries of the management team were at appropriate levels, except that the base salary of William H. Armstrong III, the Chairman of the Board, President & Chief Executive Officer, should be adjusted upward to remain competitive.

*Overview of 2002 Compensation*

Executive officer compensation for 2002 included base salary, annual incentive awards, stock options and restricted stock units.

*Base Salaries*

We established base salaries of the executive officers for 2002 at appropriate levels after consideration of each executive officer's level of responsibility and our assessment of his or her performance and the peer group market practices. Upon consideration of the recommendations of FPL and our desired compensation philosophy, we adjusted the annual salary of Mr. Armstrong from \$250,000 to \$280,000 effective January 1, 2002.

### *Annual Incentive Awards*

We provided annual cash incentives to Mr. Armstrong and the company's other officers for 2002 through the company's performance incentive awards program. After consideration of FPL's recommendation concerning appropriate performance measures to be used in our performance incentive awards program, we formulated new guidelines for use in awarding cash incentives for 2002. Under this approach, we determined each officer's award based on a combination of overall corporate performance and individual performance, with the specific allocation reflecting the primary focus of the officer's position and the officer's ability to impact the variables associated with each. Accordingly, we allocated 80% of Mr. Armstrong's potential award to overall corporate performance and 20% to individual performance. In assessing overall corporate performance, we focused on the following four measures, which were weighted according to our determinations as to the impact each has on overall corporate performance: asset value enhancement, fee services growth, capital structure and overhead management.

Each person selected to participate in the program was assigned a target award based on level of responsibility, which served as a guideline amount. We determined the individual awards to the participants based on our assessment of the performance measures described above and the relative individual allocations. After consideration of the factors described above, we determined that the level of corporate and individual performance achieved in 2002 warranted the payment of a cash bonus to Mr. Armstrong and our other named executive officer in the amounts shown in the Summary Compensation Table.

### *Stock Options and Restricted Stock Units*

After consideration of the recommendations of FPL and consultation with FPL, we established long-term incentive award guidelines intended to reinforce the relationship between compensation and increases in the market price of the company's common stock and align the officer's financial interests with those of the company's stockholders. Pursuant to our new plan, we established target levels based upon the position of each participating officer and granted long-term incentive awards within those levels based upon our assessment of corporate and individual performance. Participating officers received approximately 70% of their long-term incentive awards in the form of stock options and approximately 30% in the form of restricted stock units. Using these new guidelines, we granted stock options and restricted stock units to the participating officers in January 2002 relating to 2002, and in December 2002 relating to 2003. The exercise price of each stock option granted in 2002 is equal to the fair market value of a share of our common stock on the grant date. The restricted stock units will ratably convert into shares of our common stock over a four-year period on each grant date anniversary. For further information on the stock options and restricted stock unit grants to the named executive officers, see the Summary Compensation Table and the Option Grants in 2002.

### *Section 162(m)*

Section 162(m) limits to \$1 million a public company's annual tax deduction for compensation paid to each of its most highly compensated executive officers. Qualified performance-based compensation is excluded from this deduction limitation if certain requirements are met. Our policy is to structure compensation that will be fully deductible where doing so will further the purposes of the company's executive compensation programs.

Dated: March 25, 2003

James C. Leslie, Chairman

Michael D. Madden

### **Compensation Committee Interlocks and Insider Participation**

The current members of our corporate personnel committee are Messrs. Leslie and Madden. In 2002, none of our executive officers served as a director or member of the compensation committee of another entity, where an executive officer served as our director or on our corporate personnel committee.

## **Audit Committee Report**

The audit committee is currently composed of three directors. The members of our committee are independent, as defined in the National Association of Securities Dealers' listing standards. On February 12, 2003, the board of directors adopted a revised charter, which is attached to this proxy statement as *Annex A*. Our primary function is to assist the board of directors in fulfilling the board's oversight responsibilities by monitoring (1) the company's continuing development and performance of its system of financial reporting, auditing, internal controls and legal and regulatory compliance, (2) the operation and integrity of the system, (3) performance and qualifications of the company's independent (external) and internal auditors and (4) the independence of the company's independent auditors.

We review the company's financial reporting process on behalf of our board. The Audit Committee's responsibility is to monitor and oversee this process, but the Audit Committee is not responsible for preparing the company's financial statements or auditing those financial statements, which are the responsibilities of management and the company's independent public accountants, respectively.

### *Appointment of Independent Auditors; Financial Statement Review*

In July 2002, upon our committee's recommendation, the company's board of directors appointed the firm of PricewaterhouseCoopers LLP as the company's independent public accountants, replacing the company's prior independent auditors, Arthur Andersen LLP. In March 2003, in accordance with our revised charter, our committee appointed PricewaterhouseCoopers LLP as the company's independent auditors for 2003.

We have reviewed and discussed the company's audited financial statements for the year 2002 with management and the company's independent auditors. Management represented to us that the audited financial statements were prepared in accordance with accounting principles generally accepted in the United States, and fairly present, in all material respects, the financial condition, results of operations and cash flows of the company as of and for the periods presented in the financial statements.

We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and have discussed with the independent auditors their independence from the company and management. We have also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

In addition, we have discussed with the independent auditors the overall scope and plans for their audit, and have met with the independent auditors and management to discuss the results of their examination, their understanding and evaluation of the company's internal controls as they considered necessary to support their opinion on the financial statements for the year 2002, and various factors affecting the overall quality of accounting principles applied in the company's financial reporting. The independent auditors also met with us without management being present to discuss these matters.

In reliance on these reviews and discussions, we recommended to the board of directors, and the board of directors approved, that the audited financial statements referred to above be included in the company's annual report on Form 10-K for the year 2002.

### *Internal Audit*

We also oversee the company's internal audit function, including the selection and compensation of the company's internal auditors. In February 2003, in accordance with our revised charter, our committee appointed Resources Audit Solutions, LLC as the company's internal auditors for 2003. We have discussed with the company's internal auditors the scope of their audit plan and other matters relating to the internal audit process. We plan to meet with the internal auditors throughout the year, without management being present, to discuss the results of their reviews, their evaluation of the company's processes and internal controls, and any difficulties or disputes with management encountered during the course of their reviews.

### Fees and Related Disclosures for Accounting Services

The following table discloses the fees that Arthur Andersen LLP and PricewaterhouseCoopers LLP billed the company for professional services rendered in each of the last two fiscal years:

	Arthur Andersen LLP		PricewaterhouseCoopers LLP	
	2001	2002	2001	2002
Audit Fees	\$73,000	\$16,000	—	\$ 70,000
Audit Related Fees(1)	—	—	—	10,000
Tax Fees(2)	62,563	8,803	—	9,500
All Other Fees(3)	25,000	—	—	—

- (1) Relates to regulatory compliance services.
- (2) Includes services rendered for tax consulting and compliance services, the preparation of the company's federal and state tax returns for the prior fiscal year, and the preparation of the company's estimated tax payments for the listed fiscal year.
- (3) Relates to a review of selected internal company processes and technology risk consulting services.

*Pre-Approval Policies and Procedures.* Our charter, revised in February 2003, now requires our committee to pre-approve all audit services and non-audit services permitted by law and our committee policy (including the fees and terms of such services) to be performed for the company by the independent auditors, subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 that are approved by the committee prior to the completion of the audit. None of the fees listed in the table above under "Audit Related Fees," "Tax Fees" or "All Other Fees" were pre-approved by our audit committee; however, prior to the adoption of our revised charter, all audit fees were specifically communicated to and reviewed by our committee as part of our ongoing review of service provided by the independent accountants.

### Selection and Ratification of the Independent Auditors

Arthur Andersen LLP audited our financial statements for 2001 and had served as our independent auditors since 1992. On July 15, 2002, we dismissed Arthur Andersen as our independent accountants. This action was taken with the approval of our board of directors, which approved the decision reached by our audit committee. Arthur Andersen ceased to practice before the SEC effective August 31, 2002.

The audit reports issued by Arthur Andersen on our consolidated financial statements as of and for the years ended December 31, 2001 and December 31, 2000, did not contain an adverse opinion or disclaimer of opinion, nor were either qualified or modified as to uncertainty, audit scope or accounting principle. During the two fiscal years that ended December 31, 2001 and continuing through July 15, 2002, we had no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, that, if not resolved to Arthur Andersen's satisfaction, would have caused them to make reference to the matter of disagreement in their report on the financial statements. Arthur Andersen has communicated to us that they have informed the SEC that they are unable to provide letters that corroborate or invalidate the statements we have made in this disclosure, as required by the SEC.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred during our two most recent fiscal years and through July 15, 2002.

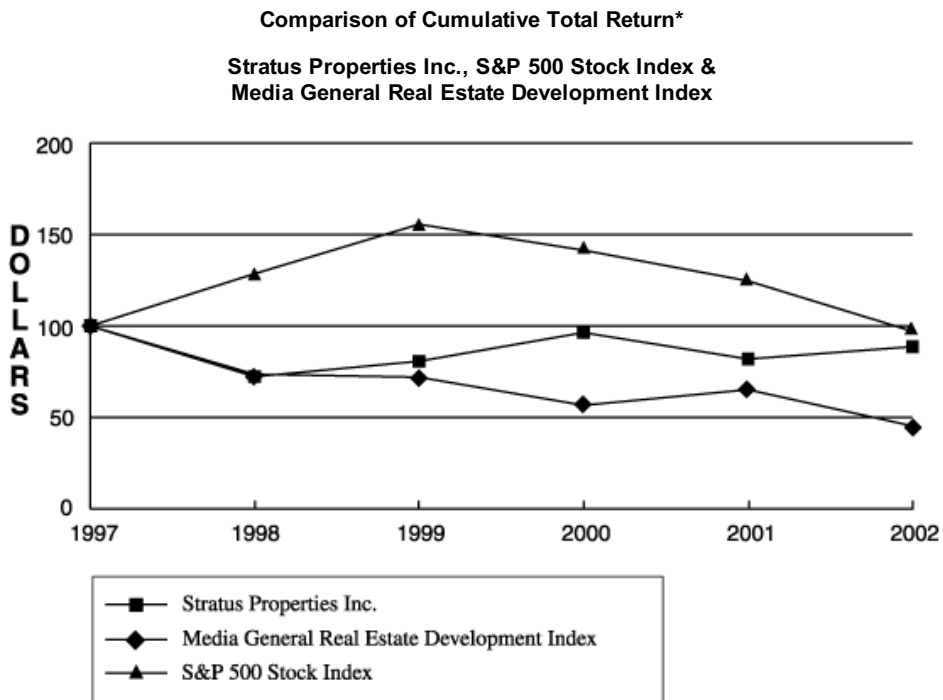

On August 8, 2002, we appointed PricewaterhouseCoopers LLP to replace Arthur Andersen as our independent accountants. Our board approved the audit committee's selection of PricewaterhouseCoopers.

During the two fiscal years ended December 31, 2001 and December 31, 2000, and the subsequent interim period through August 8, 2002, we did not consult with PricewaterhouseCoopers regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Our audit committee and board of directors seek stockholder ratification of the audit committee's appointment of PricewaterhouseCoopers to act as the independent auditors of our and our subsidiaries' financial statements for the year 2003. If the stockholders do not ratify the appointment of PricewaterhouseCoopers, our audit committee will reconsider this appointment. Representatives of PricewaterhouseCoopers are expected to be present at the meeting to respond to appropriate questions, and those representatives will also have an opportunity to make a statement if they so desire.

**CHARTER OF THE AUDIT COMMITTEE  
OF THE BOARD OF DIRECTORS**

---

February 12, 2003

**I. Scope of Responsibility of Audit Committee****A. General**

The Audit Committee's primary function is to assist the Board of Directors in fulfilling the Board's oversight responsibilities by monitoring (1) the Company's continuing development and performance of its system of financial reporting, auditing, internal controls and legal and regulatory compliance, (2) the operation and integrity of the system, (3) performance and qualifications of the Company's external and internal auditors and (4) the independence of the Company's external auditors. In addition, the Audit Committee will prepare the report required by the Securities and Exchange Commission (the "Commission") to be included in the Company's annual proxy statement.

**B. Relationship to Other Groups**

1. *Allocation of Responsibilities.* The Company's management is principally responsible for developing and consistently applying the Company's accounting principles and practices, preparing the Company's financial statements and maintaining an appropriate system of internal controls. The Company's external auditors are responsible for auditing the Company's financial statements to obtain reasonable assurance that the financial statements are free from material misstatement. In this regard, the external auditors must develop an overall understanding of the Company's accounting principles and practices and internal controls to the extent necessary to support their report on the Company's financial statements. The internal auditors are responsible for objectively assessing management's accounting processes and internal controls and the extent of compliance therewith. The Audit Committee, as the delegate of the Board of Directors, is responsible for overseeing this process.

2. *Accountability of the Auditors.* The external and internal auditors will be advised that they are ultimately accountable to the Audit Committee.

3. *Accountability of the Audit Committee.* The Audit Committee has the ultimate authority and responsibility to select, evaluate the performance of, and, if necessary, replace the external and internal auditors.

4. *Communication.* The Audit Committee will strive to maintain an open and free avenue of communication among management, the external auditors, the internal auditors, the Audit Committee and the Board of Directors, and will make regular reports to the Board of Directors concerning the activities and recommendations of the Audit Committee.

**II. Composition of Audit Committee**

The Audit Committee will be comprised of three or more directors appointed by the Board of Directors, each of whom will meet the standards of independence, experience and any other qualifications required from time to time by Nasdaq (or, if the Company's common stock is listed or traded on some other exchange or trading system, the standards of independence and any other qualifications required by the other exchange or system), Section 10A(m)(3) of the Securities Exchange Act of 1934 (the

“Exchange Act”) and the rules and regulations of the Commission. At least one member of the Audit Committee shall qualify as a “financial expert” (as defined by the Commission), as determined by the Board of Directors. Audit Committee members shall not simultaneously serve on the audit committees of more than two other public companies.

### III. Meetings of Audit Committee

The Audit Committee will meet at least quarterly, or more frequently if the Audit Committee determines it to be necessary. The Audit Committee will meet periodically in executive sessions with the internal auditors and the external auditors, and will request that the external and internal auditors bring any matters they deem to be pertinent to the attention of the Audit Committee in such sessions. To foster open communications, the Audit Committee may invite other directors or representatives of management, the external auditors or the internal auditors to attend any of its meetings, but reserves the right in its discretion to meet at any time in executive session. The Audit Committee will maintain written minutes of all its meetings, which will be available to every member of the Board of Directors.

e. ensure the rotation of all audit partners (as defined by the Commission) of the external auditors having primary responsibility for the audit and the reviewing audit partner of the external auditors as required by law;

g. review with the external auditors any audit problems or difficulties with management's response, including: (1) any restrictions on the scope of activities or access to requested information and (2) any recommendations made by the external auditors as a result of the audit;

h. review the accounting implications of significant new transactions;

i. review and discuss with management and the external auditors any significant changes required in the external auditors' audit plan for future years; and

j. review the extent to which the Company has implemented changes and improvements in financial and accounting practices or internal controls that the external auditors previously recommended or the Audit Committee previously approved, and any special audit steps taken in light of material control deficiencies.

3. *Review of Internal Audit.* The Audit Committee will review the results of the internal audit process with the internal auditors, including the following matters:

a. significant audit findings;

b. the integrity and adequacy of the Company's management reporting processes, internal controls and corporate compliance procedures;

c. review with the internal auditors any audit problems or difficulties with management's response;

4. *Post-Audit Review Activities.* In connection with or following the completion of its review of the external and internal audits, the Audit Committee or its Chairman may in their discretion meet with the external auditors, internal auditors or management to discuss any changes required in the audit plans for future periods and any other appropriate matters regarding the audit process.

B. Other Powers.

To the extent the Audit Committee deems necessary or appropriate, it will also:

1. retain and consult periodically with special legal, accounting or other consultants as necessary to advise the Audit Committee;

6. discuss with the external auditors the nature of disagreements among audit engagement personnel, between audit engagement personnel and the independent reviewing partner and/or any other audit firm personnel consulted regarding appropriate accounting and disclosure for significant events or transactions;
