# STRATUS PROPERTIES INC. REPORTS THIRD-QUARTER 2021 RESULTS

AUSTIN, TX, November 15, 2021 - Stratus Properties Inc. (NASDAQ: STRS), a diversified real estate company with holdings, interests and operations focused in the Austin, Texas area and other select, fast-growing markets in Texas, today reported third-quarter 2021 results.

#### **Highlights and Recent Developments:**

- In October 2021, Stratus entered into new agreements to sell **Block 21**, a mixed-use development in downtown Austin, Texas, that contains the W Austin Hotel and office, retail and entertainment space, to Ryman Hospitality Properties, Inc. (Ryman) for \$260.0 million. The purchase price includes Ryman's assumption of approximately \$138 million of existing mortgage debt and is subject to downward adjustments up to \$5.0 million. The transaction is targeted to close near year-end 2021. After closing costs and assumption of the outstanding loan, the sale is expected to generate pre-tax net proceeds of approximately \$115 million before prorations and including \$6.9 million to be escrowed for 12 months after closing. Stratus expects to record a pre-tax gain of approximately \$110 million upon the closing of the sale.
- In September 2021, Stratus entered into an agreement to sell **The Santal** for \$152.0 million, which was subsequently amended to provide the purchaser a \$0.7 million repair credit. The Santal is Stratus' wholly owned 448-unit garden-style, multi-family luxury apartment complex located in Section N of Austin's upscale Barton Creek community. The sale is expected to close in December 2021. After closing costs and payment of the outstanding project loan, the sale is expected to generate pre-tax net proceeds of approximately \$70 million. Stratus expects to record a pre-tax gain on the sale of approximately \$80 million in the fourth guarter of 2021.
- Net loss attributable to common stockholders totaled \$3.8 million, \$0.46 per share, in third-quarter 2021, compared to a net loss of \$15.1 million, \$1.84 per share, in third-quarter 2020. Third-quarter 2021 results included a gain on extinguishment of debt of \$3.7 million related to the forgiveness of substantially all of Stratus' Paycheck Protection Program (PPP) loan, partly offset by a \$625 thousand impairment charge for the multi-family tract of land at Kingwood Place that is under contract to sell for \$5.5 million. Third-quarter 2020 results included a \$9.6 million non-cash tax charge to record a valuation allowance on Stratus' deferred tax assets.
- Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) totaled \$2.0 million in third-quarter 2021, compared to \$0.6 million below breakeven in third-quarter 2020. For a reconciliation of net loss attributable to common stockholders to EBITDA, see the supplemental schedule, "EBITDA," on page VI.
- In September 2021, Stratus announced its plans for Block 150, now known as **The Annie B**, a proposed luxury multifamily high-rise development with ground-level retail in downtown Austin, Texas. The financing transactions to purchase the land for The Annie B and fund additional predevelopment costs included a land loan and the sale of Class B limited partnership interests in a private placement offering.

- During the third quarter of 2021, Stratus began construction on **The Saint June**, a 182-unit multi-family project within the Amarra subdivision in Barton Creek. In July 2021, an unrelated equity investor acquired a 65.87 percent interest in The Saint June partnership for \$16.3 million.
- In August 2021, Stratus announced new development plans for **Magnolia Place**, an H-E-B, LP (H-E-B) grocery shadow-anchored, mixed-use project in Magnolia, Texas, and entered into a \$14.8 million construction loan to complete financing for the first phase of development of the project.
- Stratus' W Austin Hotel and its entertainment venues, ACL Live and 3TEN ACL Live, saw significant improvements in revenues in third-quarter 2021 compared with third-quarter 2020. The W Austin Hotel has remained open during the COVID-19 pandemic, and while the pandemic continues to negatively impact the hospitality industry, the W Austin Hotel continued to see improvement in some of its key metrics during third-quarter 2021. As of August 2021, ACL Live and 3TEN ACL Live are operating at full capacity, which contributed to substantially improved revenues for the third quarter of 2021.

William H. Armstrong III, Chairman of the Board and Chief Executive Officer of Stratus, stated, "Our work in the recent quarter reflects the quality of our team. The announced sale of the iconic Block 21 property is a direct result of their focus and dedication to position this property well throughout the COVID-19 pandemic. Additionally, we expect to sell The Santal at an approximate 96 percent premium to the property's estimated net asset value. These two anticipated sales are examples of our successful execution of our full cycle development strategy and our focus on optimizing value for our shareholders. The Stratus Board is considering opportunities for the use of proceeds from these sales, which could include a combination of further deleveraging, returning cash to shareholders and reinvesting in our robust pipeline. I am very proud of all that the Stratus team accomplished in the recent quarter, and I am excited about the opportunities we are pursuing to continue delivering strong returns for all our shareholders."

Three Months Ended Sentember 30

Nine Months Ended Sentember 30

- a. Includes a \$625 thousand impairment charge for the multi-family tract of land at Kingwood Place that is under contract to sell for \$5.5 million.
- b. Includes a \$22.9 million gain on the January 2021 sale of The Saint Mary, a 240-unit luxury garden-style apartment project in the Circle C community.
- c. Includes a \$1.4 million charge for estimated uncollectible rents receivable and unrealizable deferred costs.
- d. Includes consolidated general and administrative expenses and eliminations of intersegment amounts. The increase in third-quarter 2021, compared to third-quarter 2020, is primarily the result of a \$2.6 million increase in employee incentive compensation costs associated with Stratus' Profit Participation Incentive Plan (PPIP) resulting primarily from an increased valuation for The Santal. The increase for the first nine months of 2021, compared to the first nine months of 2020, is primarily the result of a \$4.0 million increase in employee incentive compensation costs, including those associated with the PPIP, and increased consulting, legal and public relation costs for Stratus' successful proxy contest and the real estate investment trust (REIT) exploration process totaling \$3.8 million.
- e. Includes \$15.0 million in income from earnest money received as a result of Ryman's termination in May 2020 of the 2019 agreements to purchase Block 21
- f. Includes a \$3.7 million gain related to forgiveness of substantially all of Stratus' PPP loan.
- g. Includes a \$9.6 million tax charge to record a valuation allowance on Stratus' deferred tax assets.
- h. Includes the purchase of The Annie B land for \$22.5 million.

The decrease in revenue and increase in operating loss from the **Real Estate Operations** segment in third-quarter 2021, compared to third-quarter 2020, primarily reflect a decrease in the number of lots sold during third-quarter 2021 as available inventory decreased. As of September 30, 2021, Stratus had only two unsold developed Amarra Drive Phase III lots. During third-quarter 2021, Stratus sold a pad site at West Killeen Market for \$750 thousand, and only one unsold pad site remains at West Killeen Market.

The decrease in revenue from the **Leasing Operations** segment in third-quarter 2021, compared to third-quarter 2020, primarily reflects the sale of The Saint Mary in first-quarter 2021, partly offset by an increase in revenue at Lantana Place. The Saint Mary had rental revenue of \$0.9 million in third-quarter 2020. Operating income from the Leasing Operations segment in third-quarter 2021, compared to third-quarter 2020, increased primarily because of the absence of costs and depreciation associated with The Saint Mary after this property was sold in the first quarter of 2021. Despite the pandemic, Stratus has retained substantially all of its pre-pandemic retail tenants, added new tenants, and all of its tenants are currently paying rent per their leases, as well as monthly payments pursuant to previously disclosed base rent deferral arrangements as applicable.

The increases in revenue and operating income from the **Hotel** segment in third-quarter 2021, compared to third-quarter 2020, are primarily a result of higher room reservations and food and beverage sales as the impacts of the COVID-19 pandemic continued to lessen during third-quarter 2021. Revenue per available room (RevPAR), which is calculated by dividing total room revenue by the average total rooms available, was \$121 in third-quarter 2021, compared to \$36 in third-quarter 2020. The 40 percent average occupancy rate in the third quarter of 2021 was higher than the 16 percent average occupancy rate in the third quarter of 2020 and the 33 percent average occupancy rate in the second guarter of 2021.

The increases in revenue and operating income from the **Entertainment** segment in third-quarter 2021, compared to third-quarter 2020, primarily reflect an increase in the number of events hosted at ACL Live and 3TEN ACL Live as the impacts of the COVID-19 pandemic continued to lessen during third-quarter 2021. In addition, Stratus has resumed recognizing revenue from sponsorships and sales of personal seat licenses and suites, which had been suspended during the period in which the entertainment venues were closed. Seating capacity remained limited at Stratus' entertainment venues until opening up to full capacity in August 2021.

General and administrative expenses, included in corporate, eliminations and other, increased to \$5.4 million in third-quarter 2021, compared to \$2.9 million in third-quarter 2020, primarily reflecting a \$2.6 million increase in employee incentive compensation costs associated with Stratus' PPIP resulting primarily from an increased valuation for The Santal. Additional expense of up to \$4.0 million may be recognized upon the closing of the sale of the property.

If completed, the sales of The Santal and Block 21 will result in Stratus receiving substantial cash proceeds, estimated to be approximately \$145 million after tax (approximately \$50 million relating to The Santal and \$95 million relating to Block 21, including \$6.9 million to be escrowed). The Stratus Board of Directors (Board) and management team are engaged in a strategic planning process, which includes consideration of the uses of proceeds from the sales and of Stratus' long-term business strategy. Potential uses of proceeds may include a combination of further deleveraging, returning cash to shareholders and reinvesting in Stratus' robust project pipeline. These factors may impact Stratus' evaluation of a potential conversion to a REIT.

#### **Debt and Liquidity**

At September 30, 2021, consolidated debt totaled \$295.4 million and consolidated cash totaled \$23.2 million, compared with consolidated debt of \$276.7 million and consolidated cash of \$12.4 million at December 31, 2020. Consolidated debt at both dates excluded The Santal loan of approximately \$75 million and at December 31, 2020, also excluded The Saint Mary construction loan of approximately \$25 million, as a result of these properties being classified as held for sale at those dates. Of the consolidated debt at September 30, 2021, approximately \$138 million is expected to be assumed by Ryman as part of the purchase price for Block 21. As of September 30, 2021, Stratus had \$5.6 million available under its \$60.0 million Comerica Bank credit facility, with a \$150 thousand letter of credit committed against the credit facility.

In August 2021, a Stratus subsidiary entered into a \$14.8 million, three-year construction loan to finance the first phase of development of Magnolia Place. As of September 30, 2021, no amounts were outstanding under this loan, which matures in August 2024. The remaining estimated costs for the first phase of development are being funded by equity contributed by Stratus. Magnolia Place is currently planned to consist of 4 retail buildings totaling approximately 35,000 square feet, 5 retail pad sites to be sold or ground leased, 194 single-family lots and approximately 500 multi-family units. The first phase of development is expected to consist of 2 retail buildings totaling approximately 19,000 square feet, all 5 pad sites, and the road, utility and drainage infrastructure necessary to support the entire development. Stratus continues to evaluate a sale of the single-family component. H-E-B recently began construction on its 95,000-square-foot grocery store on an adjoining 18-acre site owned by H-E-B.

In September 2021, a Stratus subsidiary completed financing transactions from which a portion of the proceeds were used to purchase the land for The Annie B, a proposed luxury high-rise rental project in downtown Austin, Texas. The proceeds will also be used to fund predevelopment costs of the project. These financing transactions included (i) a \$14.0 million land loan and (ii) \$11.7 million from the sale of Class B limited partnership interests in a private placement offering, along with \$3.9 million in cash and pursuit costs contributed by wholly owned subsidiaries of Stratus. Upon completion of the private placement offering, Stratus holds, in the aggregate, a 25 percent indirect equity capital interest in the limited partnership.

Purchases and development of real estate properties (included in operating cash flows) and capital expenditures (included in investing cash flows) totaled \$37.5 million for the first nine months of 2021, primarily related to the purchase of the land for The Annie B and development of The Saint June and other Barton Creek properties including Amarra Villas, and the Lantana Place and Magnolia Place projects, compared with \$16.9 million for the first nine months of 2020, primarily related to the development of Kingwood Place, Lantana Place and Barton Creek properties and the purchase of an office building in Austin.

Stratus projects that it will be able to meet its debt service and other cash obligations for at least the next 12 months. Stratus' projections are based on many assumptions, including that Stratus completes the sales of Block 21 and The Santal or, regardless of completion of such dispositions, that Stratus is able to extend or refinance the Comerica Bank credit facility and loans at West Killeen and New Caney, which Stratus believes it will be able to do. No assurances can be given that the results anticipated by Stratus' projections will occur.

- a. Includes a \$1.4 million charge for estimated uncollectible rents receivable and unrealizable deferred costs.
- b. The increase in third-quarter 2021, compared to third-quarter 2020, is primarily the result of a \$2.6 million increase in employee incentive compensation costs associated with Stratus' Profit Participation Incentive Plan (PPIP) resulting primarily from an increased valuation for The Santal. The increase for the first nine months of 2021, compared to the first nine months of 2020, is primarily the result of a \$4.0 million increase in employee incentive compensation costs, including those associated with the PPIP, and increased consulting, legal and public relation costs for Stratus' successful proxy contest and the real estate investment trust (REIT) exploration process totaling \$3.8 million.
- c. Represents the difference by which the fair value of the multi-family tract of land at Kingwood Place, based on the contractual sale price, less estimated selling costs was less than its carrying value.
- d. Represents income from earnest money received as a result of Ryman Hospitality Properties, Inc.'s (Ryman's) termination in May 2020 of the 2019 agreements to purchase Block 21.
- e. Represents the gain on the January 2021 sale of The Saint Mary.
- f. Includes a \$9.6 million tax charge to record a valuation allowance on Stratus' deferred tax assets.
- g. Represents noncontrolling interest partners' share in the results of the consolidated projects that they participate in, primarily The Saint Mary. Of the amount for the nine months ended September 30, 2020, \$573 thousand relates to losses incurred prior to 2020.

# STRATUS PROPERTIES INC. BUSINESS SEGMENTS

Stratus currently has four operating segments: Real Estate Operations, Leasing Operations, Hotel and Entertainment.

The Real Estate Operations segment is comprised of Stratus' real estate assets (developed for sale, under development and available for development), which consists of its properties in Austin, Texas (including the Barton Creek community; the Circle C community; and the Lantana community, including a portion of Lantana Place planned for a future multi-family phase); in Lakeway, Texas, located in the greater Austin area (Lakeway); in College Station, Texas (a portion of Jones Crossing and vacant pad sites); in Killeen, Texas (a vacant pad site at West Killeen Market); and in Magnolia, Texas (Magnolia Place), Kingwood, Texas (land for future multi-family development and vacant pad sites) and New Caney, Texas (New Caney), located in the greater Houston area.

The Leasing Operations segment is comprised of Stratus' real estate assets, both residential and commercial, that are leased or available for lease and includes The Santal, West Killeen Market, office and retail space at Block 21 and completed portions of Lantana Place, Jones Crossing and Kingwood Place. In September 2021, Stratus entered into an agreement to sell The Santal for \$152.0 million. The sale is expected to close in December 2021.

The Hotel segment includes the W Austin Hotel located at Block 21 in downtown Austin, Texas.

The Entertainment segment includes ACL Live, a live music and entertainment venue, and 3TEN ACL Live, both located at Block 21. In addition to hosting concerts and private events, ACL Live is the home of Austin City Limits, the longest running music series in American television history.

In October 2021, Stratus entered into new agreements to sell Block 21 for \$260.0 million. The transaction is targeted to close near year-end 2021. The sale of Block 21 will include the W Austin Hotel, ACL Live, 3TEN ACL Live and the office and retail space at Block 21.

Stratus uses operating income or loss to measure the performance of each segment. General and administrative expenses, which primarily consist of employee salaries, wages and other costs, are managed on a consolidated basis and are not allocated to Stratus' operating segments. The following segment information reflects management determinations that may not be indicative of what the actual financial performance of each segment would be if it were an independent entity.

Segment information presented below was prepared on the same basis as Stratus' consolidated financial statements (in thousands).

- c. The increase in third-quarter 2021, compared to third-quarter 2020, is primarily the result of a \$2.6 million increase in employee incentive compensation costs associated with Stratus' PPIP resulting primarily from an increased valuation for The Santal. The increase for the first nine months of 2021, compared to the first nine months of 2020, is primarily the result of a \$4.0 million increase in employee incentive compensation costs, including those associated with the PPIP, and increased consulting, legal and public relation costs for Stratus' successful proxy contest and the REIT exploration process totaling \$3.8 million.
- d. Represents the difference by which the fair value of the multi-family tract of land at Kingwood Place, based on the contractual sale price less selling costs, was less than Stratus' carrying value of the land.
- e. Includes the purchase of The Annie B land for \$22.5 million.
- f. Includes assets held for sale at The Santal totaling \$67.3 million at September 30, 2021, and The Santal and The Saint Mary, totaling \$106.1 million at September 30, 2020.
- g. Represents the gain on the January 2021 sale of The Saint Mary.
- h. Includes a \$1.4 million charge for estimated uncollectible rents receivable and unrealizable deferred costs.

### RECONCILIATION OF NON-GAAP MEASURE EBITDA

EBITDA (earnings before interest, taxes, depreciation and amortization) is a non-GAAP (generally accepted accounting principles in the U.S.) financial measure that is frequently used by securities analysts, investors, lenders and others to evaluate companies' recurring operating performance, including, among other things, profitability before the effect of financing and similar decisions. Because securities analysts, investors, lenders and others use EBITDA, management believes that Stratus' presentation of EBITDA affords them greater transparency in assessing its financial performance. This information differs from net loss attributable to common stockholders determined in accordance with GAAP and should not be considered in isolation or as a substitute for measures of performance determined in accordance with GAAP. EBITDA may not be comparable to similarly titled measures reported by other companies, as different companies may calculate such measures differently. Management strongly encourages investors to review Stratus' consolidated financial statements and publicly filed reports in their entirety. A reconciliation of Stratus' net loss attributable to common stockholders to EBITDA follows (in thousands).
